**USE OF SCHOOL FACILITIES TO SUPPORT FUND RAISING
FOR INDIVIDUAL STUDENTS**

MSAD #54 is dedicated to providing quality educational experiences to its students. In an era of diminishing resources, this means that revenues must be devoted to supporting the established programs of the District. However, the Board of Directors also recognizes the need to respond to individual needs of children who are students in the District and to participate in community efforts to meet these needs, if appropriate.

If a student enrolled in MSAD #54 schools is in a life threatening situation, the Board of Directors will consider making special provisions to participate in community efforts to support the student.

The Board may donate use of school facilities for events to raise funds in these instances, and will support school employees who wish to donate their time. The Board will not be able to make a direct donation of public funds from regularly scheduled events to these cases, but may support special events such as Christmas tournaments, dances, alumni games, scheduled for the specific purpose of raising funds to support the student. When these events are scheduled, the school will help promote them. Funds normally collected to support MSAD #54 programs will not be contributed.

Application for support will be made to the Board of Directors through the Office of the Superintendent.
